Location : Sikar, Rajasthan

---

A highly motivated electrical engineering soon to be graduate student with a strong understanding of fundamental concepts like circuit design, power systems, and electronics. Possessing hands-on experience through academic projects and lab work. Seeking to apply my technical skills and problem-solving abilities to a challenging role in the electrical engineering field.

### **EDUCATION**

- **Shri Education Academy, Sikar (2020)**

I completed my secondary education here, affiliated with the Board of Secondary Education, Rajasthan.

- **Adarsh Public School, Sikar (2022)**

Completed my senior secondary education here, affiliated with BSER.

- **Sobhasaria Group of Institutions, Sikar (2026)**

Currently I am a final-year student of B.Tech (Electrical Engineering) affiliated with BTU.

### **SKILLS**

- Intermediate Microsoft Word
- Intermediate Microsoft PowerPoint
- Basic C and python language
- Transformers Testing technical knowledge
- Basis knowledge of PLC and SCADA
- Project management

### **INTERSHIP EXPERIENCE**

- **Jaipur Metro Rail Corporation Limited Rajasthan (45 days Internship July 2025)**

Gained hand on experience with proven knowledge of metro rail electrical systems, including Traction and E&M. Gained direct exposure to OHE, PSI, and SCADA facilities for elevated and underground lines. Achieved a "Very Good" performance rating during the training period.

- **TenetInfo PTE Ltd Jaipur, Rajasthan (30 Day's Internship, May 2024)**

Successfully participated in a Complete Practical Training Course focused on PLC, SCADA, and Arduino.

Demonstrated a high level of understanding and proficiency in programming Ladder Logic, specifically with Allen Bradley PLCs.

Gained expertise in the design, installation, and maintenance of PLC, SCADA, and Arduino systems.

- **CodeVenz IT & Tech Solutions, Sikar, Rajasthan (15 Days Internship, June 2023)**

Developed a Telegram Bot using Python (Telethon), optimized code quality through reviews, contributed to technical documentation, and applied strong problem-solving skills to resolve technical issues.

- **Maheshwari Electros P. Ltd, Sikar, Rajasthan (15 Days Internship june 2023)**

Performed maintenance and fault analysis on electrical transformers, collaborated on installations, and ensured reliability, efficiency, and system performance.

### **PROJECT-EXPERIENCE**

- **Prototype Electronic Voting Machine (EVM) :** Gained hands-on experience in embedded systems, circuit design, and programming.
- **Designed and Developed a Health Monitoring System:** Health Monitoring System for real-time tracking of vital parameters, integrating sensors, microcontrollers, and data display for efficient patient monitoring.
- **RLC Circuit Designe and PLC Programming:** RLC circuit design and PLC programming, gaining hands-on experience in automation, control systems, and troubleshooting.

### **CERTIFICATIONS**

- Summer Training Certificate (JMRCL)
- Certificate of Excellence (Summer Training in PLC AND SCADA)
- Certificate of Participation (Model of EVM Machine Competition and Documentary Contest on Water Conservation Level I)
- Award Certificates (Science Tech)
- Certificate of Excellence (TATA Crucible Campus Quiz)

### **DECLARATION**

I hereby declare that all the information mentioned above is accurate and true to the best of my knowledge and belief, and I take full responsibility for its correctness.
