

ARUN VISHWA V DOB: 16/11/2003 CK College of Engineering and Technology Electronics and communication Engineering 2025 Address: 24, Sudhakar Nagar , Pathirikuppam , Cuddalore-607002.				
Carrier Objective				
I am a fresher of engineering, willing to join a growing organization and Exhebited by my full potential to work with an organization where can learn new skills and increase my abilities for the organizational goals as well as myself. I consider myself a responsible and orderly person.				
Degree	Board	Institute	%/CGPA	Year
B.E	Electronics	CK College of Engineering and Technology	8.1	2025
Class XII	State Board	St. Joseph’s Hr. Sec School	82%	2021
Class X	State Board	St. Joseph’s Hr. Sec School	69.4%	2019
Bajaj Engineering Skills Training (BEST)				
• Pursuing Bajaj Engineering Skills Training at Sastra University, Thanjavur. • BEST GTE - 6 months fully residential program • Industry relevant curriculum: 70% practical & 30% theory • This training it have world class Industrial equipment. • 4 modules: Mechatronics, Motion control & sensor technology, Robotics & Automation, Industry 4.0 & smart manufacturing. • Area of Interest: CNC, PLC, ROBOTICS, Automation				
ACADEMIC ACHIEVEMENTS				
• I participated in every year Founder’s Day Project Competition at CKCET.				
• Attend the one Week camp at NSS conducted by Anna University.				
• Won second place in the 100 meters athletics event.				
INTERNSHIPS (1 week)				
INTERN		EATON Power Quality Pvt Ltd	2023	
Responsibilities	• Learned about energy distribution, UPS systems, and power monitoring technologies. • Observed industry-standard safety protocols and operational procedures.			
LIVE PROJECTS				
IoT systems for paralysis patients monitoring	• IoT-based assistive system that enhances the quality of life for paralysis patients by enabling non-verbal communication and real-time remote monitoring of their needs using flex sensors			
ACADEMIC-PROJECTS				
Fire Fighting Robot	• Developed an autonomous robot using sensors and microcontrollers to detect and extinguish fires, enhancing safety and rapid response in hazardous environments.			
Skin Disease Predictor	• Developed an AI-based model using deep learning to classify skin diseases from images, enabling early detection and accurate diagnosis for better healthcare outcomes.			
Incubator	• The Incubator project is based on IoT technology which is used to monitor the Egg hatching and maintaining them in certain temperature using Blink app.			

EXTRA-CURRICULAR ACHIEVEMENTS	
Short film	• I participated in short film competition and won first prize.
NSS	• National Service Scheme (NSS) Member in college and attended a 7-days NSS camp held in Cuddalore village
NCC	• Achieved 'A' certificate. • I participated in a 10-day NCC camp conducted in Neyveli. • Participated in the 3 times Marchpast Drilling During the independence day and Republic day in front of our district collector.
MISCELLANEOUS	
Workshop Attended	• AIML workshops conducted by NSDC • Raspberry Pi workshop conducted by Edylabs Technology solutions
Technical skills	• Programming Language: Python, C, PLC. • Microsoft Tools: Excel (Basics), Power Bi. • Other Tools: Google Colab, Github, GXwork3, GT designer3.
Industrial Exposure	• IIT MADRAS, Research Park Chennai Gained an exposure about startups and research opportunities in Engineering (Apr-2024). • DERMA INDIA, Chennai Gained Knowledge about Electronics in an Industrial Applications (Sep-2022). • Code Bind Technologies Gained knowledge about embedded systems (Nov-2024).
Soft skills	• Active listener • Time Management
Certificates	• Network Essentials and Introduction to IoT from CISCO. • Received BMS Certificate from BAJAJ • Received 'A' Certificate in NCC • Artificial Intelligence & Machine Learning from PMKVY.
