CAREER OBJECTIVE

As a fresher from the department of Electrical and Electronics Engineering graduate with 9.1 CGPA. Possessing a strong foundation in both hardware and software, aim to leverage my technical skills and knowledge to contribute to innovative projects in a dynamic and challenging environment. Seeking an opportunity to grow and apply my expertise in a progressive organization committed to technological advancement and continuous improvement.

EDUCATIONAL BACKGROUND

1. SCAD College of Engineering and Technology, Tirunelveli
Bachelor's Degree in Electrical and Electronics Engineering (2021-2025 \ 9.1 CGPA)
2. Govt. Girls Hr. Sec. School, Pattamadai
HSC (2019-2021 \ 92.6%) - Bio Maths
SSLC (2018-2019 \ 93%)
3. St. Ignatius Convent Hr. Sec. School, Tirunelveli
2nd-7th std (2011-2016)

HARDWARE SKILLS

- PCB Design
- Embedded C
- Arduino IDE
- IOT
- Delta PLC
- Microcontrollers

SOFTWARE SKILLS

- Microsoft Word
- HTML, CSS
- Microsoft PowerPoint
- Python
- C, C++

STRENGTHS

- Honest and Punctual fellow
- Leadership quality
- Trainer
- Well discipline and self motivated
- Problem-solving skills and creativity
- Communication and Presentation skills

INTERNSHIPS

- Python Internship - Madhura IT Solutions, Tirunelveli-Offline (June-July/20 days/2023)
- Embedded & IOT Applications using Arduino and Node MCU - MARCELLOTECH - Trichy-Remote (July/5 days/2023)
- PLC, SCADA, HMI - IPCS Global, Tirunelveli-Offline (July/1 month/2024)

COURSES

- HDCA Course -(C, C++, Python, Java, Full Stack)- CSC- Tirunelveli (Jul 2023- Sep 2024)
- DC Microgrid and Control Systems - Elite -NPTEL (July-Sep 2023)
- Facts Devices - Elite -NPTEL (Jan-Mar 2024)
- Power System Protection and Switchgear - Elite NPTEL (Jul-Sep 2024)

LANGUAGES KNOWN

- Proficient in Tamil
- Proficient in English
- Arabic (Reading proficient)

OTHER ACTIVITIES

- Athletics -100m, 400m, Relay(4 x 100 M)
- Chess, Carrom
- Singing
- Drawing

WEAKNESSES

- Kindness
- Overthinking

PROJECTS

Hardware Projects:

Mini Traffic Signal Control System

Designed and developed a mini traffic light control system using Arduino to simulate real-world traffic management with reducing human work.

Microcontroller based Swapping of Batteries

Created a microcontroller-based system to automate the detection and replacement of depleted batteries in electric vehicles, improving efficiency using dynamo and minimizing downtime.

Gas Weight Measurement in Cylinders using Load Cell

Developed a prototype to measure the weight of gas in cylinder using Arduino and also display the level of gas. Thereby, anytime we monitor the gas level in cylinder.

Automatic Hand Sanitizer dispenser with Temperature Sensing

This system automatically detect the human motions and measure the temperature of a person and dispensing liquid. At the same time if human temperature is higher than the default value, it will capture the image and send it to the authority through the mail and could not dispensing liquid.

Renewable Energy based EV Charging Stations and QR based Charging Control

In this system the EVs are charged by using renewable energy sources and the charging steps done after the money would be paid through QR code scanning. When QR code is scanned, then it show the charging level and charging time and payment details. By successfully completed the details in your mobile, then vehicle starts charging.

AWARDS & ACHIEVEMENTS

- Outstanding Performance in School Final Year(2021) - TAMGRADS
- Trainer for School Students (IOT)
- Outstanding Performer Award in 2nd year at College (2022)
- Best Reader Award at College
- Outstanding Performer in 3rd year at College (2023)
- Best Outgoing Student Award Overall for 2021-25 batch
- YUKTI Innovation Challenge - Won first round (2023)
- VOC College of Engineering -Technical Quiz Competition-2nd prize (2022)
- Nellai College of Engineering, PSN College of Engineering - Paper Presentation- 2nd prize (2023)
- MSME Idea hackathon -Participation

PERSONAL INFORMATION

- FATHER'S NAME : N. Syed Ali Sabardeen (Artist)
- MOTHER'S NAME : S. Syed Beevi (House Wife)
- DATE OF BIRTH : 01.04.2004
- SEX : Female
- NATIONALITY : Indian
- SIBLINGS: Two
- MARITAL STATUS : Single

DECLARATION

I hereby declared that all the above furnished details are true to the best of my knowledge.

Yours faithfully,
S.Fathima Feronzia
