

MAYAKRISHNAN S

Electrical Engineer | 9384366857 | mayakrishnan9994@gmail.com | India-627 005

OBJECTIVE

Dedicated Electrical Engineer seeking opportunities to leverage technical expertise in embedded systems, IoT, and industrial applications while contributing to organizational growth through innovative solutions and continuous skill development.

EDUCATION

Bachelor of Engineering — Electrical & Electronics Engineering
Francis Xavier Engineering College | 2020–2024 | CGPA: 8.5

Higher Secondary — Reach Matric Hr Sec School | 2020 | 68%

SSLC — Reach Matric Hr Sec School | 2018 | 76%

EXPERIENCE

Service Engineer — SMS Autoline Equipment Pvt Ltd | February 2025 – July 2025

- Executed complete service delivery lifecycle: unboxing, installation, commissioning, and maintenance
- **Projects Completed:**
 - Aurangabad RTO Centre — Full installation and commissioning
 - Pune RTO Centre — Complete setup and operational deployment
 - INS Tarangiri (Navy Ship) — Equipment installation and integration
 - INS Mahé (Navy Ship) — System commissioning and service support
- **Technical Skills Applied:**
 - Equipment connector assembly and networking setup
 - System interfacing and integration across multiple platforms
 - Printer installation and configuration
 - Computer OS updates and software installation
 - Electrical voltage testing and verification
 - System troubleshooting and maintenance

TA Engineering — Mumbai | July 2025 onwards

- Technical associate supporting engineering operations and field deployments
- Involved in equipment installation, system integration, and on-site technical support

PROJECTS DEVELOPED

- **Car Theft Controlling System** — Smart security solution using embedded systems
- **IoT Based Photovoltaic Parameter Monitoring System** — Real-time renewable energy monitoring

JOURNAL PUBLISHED

- **Charging for Electric Vehicles Using ZETA Converter** — Published research on EV charging optimization

SKILLS

Technical: Embedded Systems, Industrial IoT, Smart Grid Technology, Electrical Systems, Network Configuration, OS Installation, Voltage Testing

Soft Skills: Leadership, Fast Learner, Problem-Solving, System Integration, Field Deployment

ACHIEVEMENTS

- **Project Expo Second Prize** — Francis Xavier Engineering College
- **Paper Presentation** — Government Engineering College, Tirunelveli
- **Paper Presentation** — St. Mother Theresa Engineering College

INTERNSHIP

Tamil Nadu Electric Board — Industrial training and hands-on experience in power systems and electrical operations
