Skills

- Embedded System
- Problem Solving
- Circuit Design
- Decision Making
- Project Management

Languages

- Tamil
- English

Personal Details

Date of Birth : 26/06/2004
Nationality : India
Gender : Male

Objective

To work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately.

Education

- DBTR National Higher Secondary School, Mayiladuthurai.
SSL 2019
65%
- DBTR National Higher Secondary School, Mayiladuthurai.
HSC 2021
76.2%
- MRK Institute of Technology, Kattumannarkoil. 2025
Electrical and Electronics Engineering/BE
82%

COMPUTER LANGUAGE

- Basic Python
- Basic CProgramming

Projects

- Smart wireless electrical vehicle charging an IoT based inductive power coil system
Electric vehicles (EVs), efficient and user-friendly charging infrastructure is crucial. Traditional wired charging methods are often inconvenient, require manual effort, and pose safety risks. This project presents a smart wireless charging system for EVs in parking areas, which utilizes IR sensors for automatic vehicle detection and initiates inductive charging. The system is IoT-enabled, allowing real-time monitoring and control via a web or mobile interface.

Internship

- MS Equipments 15/07/2024
Electronics manufacturing -
Coimbatore, Tamilnadu. 13/08/2024

COURSE

- Under Naan Mudhalvan
1. MS Office
2. Ai&MI
3. MATLAB
