

SURESH KUMAR.D**Mobile: +919500880353.****Email Id: sureshdhachana@gmail.com**

CAREER OBJECTIVE:

Electrical Maintenance Engineer 08Years of work experience in Electrical equipment creation, installation maintenance, troubleshooting, and repair will fall under my purview.

Demonstrated capacity to develop new technologies and identify and fix problems in order to boost efficiency and lower costs.

EDUCATION DETAILS:

Bachelor of Engineering in Electrical & Electronics Engineering from
Mailam Engineering College under Anna University with CGPA - **6.40**

EXPERIENCE:**Sewon Auto Tech Private Ltd, Chennai.****Electrical Engineer****Responsibilities:****Sept 2022 – Present**

- Auto Machines Installation and Commissioning.
- Machine building and fully Automatic assembly line manufacturing.
- Wiring Knowledge about control panels and special-purpose machines.
- Erection & Commissioning of HT & LT panel, Power & lighting distribution panels.
- To support design team for new Auto machine concept Developments.
- Responsible for installation, configuration, maintenance and setting up of all Electrical Equipment as per requirement.
- Creating Project Electrical Schematics, Wiring diagrams and Bill of Materials.
- Preparing work schedules and assigning task to the technical staff.
- Experience of safe working practices, risk assessments and permit to work systems.

Kwang Jin India Private Ltd,**Junior Engineer****Responsibilities:****Sept 2020– Aug 2022**

- Maintenance and Operation of 11KV Switch Yard.
- Maintenance and Operation of Utility Components, Transformer, Diesel Generator, Circuit Breaker (ACB, VCB), Compressors.
- Troubleshoot machine breakdowns and provide preventive maintenance services.
- Final Testing (Regulator testing M/c), Welding machine, Riveting & Clinching machine, Mechanical Press 400 ton.
- Maintenance and Operation of Transformer 11KV/1600KVA with OLTC Distribution Transformer 11KV/433V.
- Doing root cause problem solving analysis using the five whys technique.
- Maintenance Documents update GMS, TPM, Break down report, Cost saving report, Weekly work plan.
- Maintain spares consistently and supplier bill clearing.
- Daily break down reporting to Manager and GM.
- Following Internal Audit, IATF Audit and 3c5s Method.

Responsibilities:

- Maintenance and Operation of Extruder plant, Injection Molding plant and Weaving Loom.
 - Maintenance of Barrel, Cartridge, Tube Type Heaters and Heater Controller.
 - Inspect Utility Electrical components such as Transformers, circuit breakers, Panels.
 - Maintenance and Operation of Diesel Generator, Cooling tower, Breakers, Electrical Panels (SMV, SSB, APFC)
 - Maintenance and Operation of 22KV - VCB.
 - Maintenance and Operation of Transformer 1250KV & 970KV, 22KV/433V Distribution OLTC transformers
-

ESSENTIAL SKILLS:

- Electrical schematics and troubleshooting of control circuits, E-Plan.
 - PLC programming Mitsubishi (Q-Series and FX5U).
 - Knowledge of PLC wiring, I/O modules, special cards wiring. (Mitsubishi, Siemens)
 - Basic Machining skill of Arc Welding, Lath, Milling, Surface Grinding Machines.
 - Good problem analysis and problem-solving skills.
-

EQUIPMENTS HANDLED:

- Transformers Motors (2MVA, 1250KVA, Make: Siemens & Kirloskar)
 - LT (Up to 150HP, Make: ABB)
 - Breakers (Up to 22KV, Type: Vacuum and Air, Make: Siemens)
 - Emergency Diesel Generator (415V, 1500KVA, Make: Caterpillar)
 - Operation and Maintenance of HT/LT Switch gears & Protective relays.
 - Air Compressor (7 and 4 Bar Screw Type compressor, Make: SULLAIR, ELGI)
 - Sensor 230V and 24V AC & DC (Proximity, Photoelectric, Fiber Optical sensors)
 - Special Purpose Machines Equipment's Servo Motor, Break Motor, Encoder, Load cell Transducer, Grease Pump and Valve.
 - Knowledge of Industrial Auto machine PLC Trouble Shoot Malfunction & Maintenance.
 - Knowledge of PLC wiring, I/O modules wiring, Servo motor wirings.
 - Knowledge of fault finding and diagnosis on Pneumatic & Hydraulic systems, Electrical and Electronic systems.
-

IMPROVEMENT ACTIVITY:

- Raw power (EB) and DG power Identification system for Diesel consumption reduce.
 - Riveting Machine sequence Interlocking (Error roof for process skip).
-

PERSONAL DETAILS:

Date of Birth : 10-04-1995
Address : No.334, Thiruvalluvar Street,
Iyyankuttipalayam, Puducherry - 605 009.
Nationality : Indian
Gender : Male
Languages known : Tamil, English

Place:

Date:
