## SUMMARY

Motivated engineering graduate with a strong foundation in engineering principles and a passion for applying innovative solutions in real world scenarios. Eager to leverage academic knowledge and fresh perspective to contribute effectively in engineering roles while continuously expanding technical skills and expertise

## EDUCATION

### BE- Electrical and Electronics Engineering

- Adhiparasakthi Engineering college Aug 2022 - May 2025
- CGPA - 8.1

### Diploma In Electrical and Electronics Engineering

- Psb polytechnic college June 2018 - May 2021
- Percentage - 89%

### S.S.L.C

- Kendriya vidyalaya no - 1 kalpakkam June 2017 - May 2018
- Percentage - 55.2%

## SKILLS

### TECHNICAL SKILLS :

- Ms-office Tools (BASIC)
- MATLAB (BASIC)

### PROBLEM SOLVING SKILLS :

- Analytical Thinking
- Critical Thinking

### SOFT SKILLS :

- Time management
- Willingness to learn
- Team work

## ACADEMIC PROJECTS

- **Diploma** - Smart Blind Stick
- **Engineering** - Humanoid Robot - Camara Part
- **Project Description:**
  - ◆ Designed a user-friendly interface for camera integration in the humanoid robot, enhancing user accessibility and interaction.
  - ◆ Designed and implemented a vision processing algorithm to enable real-time object detection and tracking capabilities.
  - ◆ Designed a high-resolution camera system to provide real-time visual feedback for the humanoid robot.

## WORK EXPERIENCE

- After diploma six months worked as a electrical technician in kalpakkam atomic reprocessing plant (KARP)

## CERTIFICATES

- Aptitude Training
- Personality Development and soft skills

## LANGUAGES

- Tamil
- English
- Hindi
